Sintesi

Un linguaggio contemporaneo di superfici e sensazioni

La collezione Sintesi nasce per evocare un dialogo unico tra materiali, texture e sensazioni. Ogni elemento trova il proprio posto in un equilibrio perfetto, dando vita a un linguaggio visivo che unisce eleganza e contemporaneità.

Qui, trame raffinate e superfici goffrate si intrecciano con lucentezze delicate, richiamando la maestria dell'architettura moderna.

I colori riprendono le grandi tonalità del mondo naturale: sfumature di sabbia, ombre di pietra e tocchi di verde vegetale si mescolano con accenti più intensi, creando connessioni visive che trasformano lo spazio in un'esperienza sensoriale. Ogni scelta cromatica è pensata per evocare emozioni e ispirare armonia, come un riflesso della natura che si integra con l'ambiente circostante.

Sintesi è molto più di una collezione di carta da parati: è un'interpretazione materica che celebra le connessioni tra colori e materiali, offrendo a ogni ambiente uno stile inconfondibile e una sofisticata innovazione visiva.

A Contemporary Language of Surfaces and Sensations

The Sintesi collection is designed to evoke a unique dialogue between materials, textures, and sensations. Each element finds its place in perfect balance, creating a visual language that merges elegance with modernity.

Here, refined patterns and embossed surfaces intertwine with subtle sheen, echoing the craftsmanship of modern architecture.

The colors draw inspiration from the vast tones of the natural world: shades of sand, stone shadows, and touches of verdant greens blend with more intense accents, forging visual connections that transform spaces into sensory experiences. Every chromatic choice is designed to evoke emotions and inspire harmony, reflecting nature as it seamlessly integrates with its surroundings. Sintesi is much more than a wallpaper collection: it is a material interpretation that celebrates the connections between colors and materials, bringing a distinctive style and sophisticated visual innovation to any space.
